ONCE UPON A TIME,

On a tropical island paradise lived a quirky island ducker named Ducker.

He was just your average ducker, waddling around, searching for breadcrumbs, and diving into the crystal-clear water.

HOWEVER...
Ducker had aspirations that went beyond his little island home.
HE HAD DREAMS of making it big in the WORLD OF CRYPTO.

ONE DAY, as he waddled along the sandy shore,
he stumbled upon a discarded SMARTPHONE

Curiosity piqued, he picked it up with his feathery fingers
and discovered the world of CRYPTO TWITTER!

INSPIRED, he decided to become a ...
DUCKER RAIDER.
